E. Temporary visitors passes are available for the purpose of inspecting the site facilities prior to an anticipated visit.

AUTHORITY NOTE: Promulgated in accordance with R.S. 56:1681-1690 and R.S. 36:204.

HISTORICAL NOTE: Promulgated by the Department of Culture, Recreation and Tourism, Office of State Parks, LR 8:633 (December 1982), amended LR 12:89 (February 1986), LR 12:828 (December 1986), LR 26:32 (January 2000), LR 31:1989 (August 2005).

#### **§507. Special Uses and Restrictions**

A. Special Use. Any function requiring special or restricted use of any facility or area within an OSP site must be approved by the assistant secretary and the fee for such will be computed on a negotiated rate unless otherwise established. Written request for special use of a facility must be received at the Office of State Parks, Box 44426, Baton Rouge, LA 70804-4426 at least 30 days prior to the scheduled event. No telephone requests are accepted.

##### **B. Use Restrictions**

1. Activities and uses of state historic sites are limited to those appropriate to the significance of each site as defined by the master plan and interpretive prospectus of the unit.

2. It is necessary that development on a state historic site be limited to that which is essential for visitor accommodation and enjoyment of the area's theme or feature. Day-use facilities will be limited to activities that do not conflict with the historical theme of the site, and confined to section(s) set aside for such purposes. Historic zones will be established to protect the resource and insure appropriate use of each state historic site. Space outside of the historic zone(s) and maintenance area(s) may be set aside for recreational use at the discretion of the site manager.

3. The atmosphere created on the historic site is as important as the artifactual evidence. In order that the greater interest and primary function of the area be served, it is necessary to restrict certain incompatible activities from the sites. Any sport or recreational activity that does not contribute to a greater understanding of the theme of the area is prohibited within all historical zones of any state historic site. Recreation zones appropriate for such use may be designated by the site manager if space permits.

4. It has also been determined that the use of state historic sites for such activities and events as fairs, circuses, carnivals, amusement rides, and other promoter sponsored, commercial activities and events is not deemed in the best interest of the state historic sites. Such uses fails to achieve the intent outlined in the preservation purpose and may increase the potential for serious damage to the quality and character of the area, adversely affecting the experience of the visitor. However, at Rebel State Historic Site, musical

events sponsored by promoters will be permitted with the approval of the assistant secretary or his designee.

5. Organizations, such as historical societies, friends groups or service groups, offering support to any OSP site, may be permitted to conduct special functions at a site if a written request is made and written permission is obtained from the assistant secretary. Such functions may not be specifically for the benefit of an individual, but must be held to benefit the site, either directly or indirectly, by generating greater public awareness of the site or of the area's history, or to assist the agency in the fulfillment of its mission and purposes.

### C. Passenger Bus Restrictions

1. In an effort to facilitate control of the day-use carrying capacity for OSP sites, no buses nor occupants thereof shall be admitted to OSP sites for any day-use activities on weekends or holidays during the period Memorial Day weekend through Labor Day, except by special permit. This restriction shall not apply to state historic sites.

2. Special Bus Use Permits. Any access to OSP sites (excluding state historic sites), by bus transportation on weekends or holidays during the period between Memorial Day and Labor Day will require a special bus use permit. The application for the permit must be submitted to the site manager at least three days prior to the proposed use date along with the group's proof of \$1,000,000 liability insurance and proof of \$500,000 automobile or bus liability insurance. Children traveling to OSP sites must be chaperoned by adults. The permit, if approved, does not cover other special day-use charges (rental pavilions, etc.).

#### **§901. Land and Water Conservation Fund Program Summarized<sup>1</sup>**

A. Purpose. The Land and Water Conservation Fund (LandWCF) Act of 1965 (Public Law 88-576, 78 Stat 897) was enacted "... to assist in preserving, developing and assuring accessibility to all citizens of the United States of America of present and future generations ... such quality and quantity of outdoor recreation resources as may be available and are necessary and desirable for individual active participation ..." The LandWCF program provides matching grants to states, and through the states to local governments, for the acquisition and development of public outdoor recreation areas and facilities. Planning grants are also available to the states to help develop Statewide Comprehensive Outdoor Recreation Plans (SCORP).

B. Delegation of Authority. The LandWCF Act authorizes the secretary of the interior to provide financial assistance to states for outdoor recreation purposes. Except for the apportionment of funds among states and the approval of contingency reserve projects, this authority has been delegated to the director of the National Park Service (NPS). The regional directors are authorized to exercise the full program and administrative authority of the director within the geographic area comprising the region for which they have responsibility. Limitations to this delegation include the director's authority to act on all recommendations to the secretary involving the apportionment of LandWCF monies and the allocation of Contingency Reserve Fund assistance; and to approve or disapprove formal arrangements whereby the state agrees to assume certain responsibilities in the administration of the LandWCF program.

C. Appointment of State Liaison Officer. To be eligible for assistance under the LandWCF Act, the governor of each state shall designate, in writing, an official who has authority to represent and act for the state as the state liaison officer in dealing with the director of NPS for purposes of the LandWCF program. The state liaison officer (SLO) shall

have the authority and responsibility to accept and to administer funds paid for approved projects. Upon taking office, a new governor shall officially, in writing, redesignate the present state liaison officer or appoint a new individual to represent and act for the state in dealing with the LandWCF program.

D. Selection Requirements. DOR establishes application requirements, annual application submission dates and develops an Open Project Selection Process in accordance with the LandWCF Grants Manual to provide an objective standard for selection of projects explicitly based on Louisiana's priority needs for acquisition and development of outdoor recreation resources as identified in the SCORP.

#### **§903. Land and Water Conservation Fund (LandWCF) Grants Manual<sup>2</sup>**

A. The Land and Water Conservation Fund (LandWCF) Grants Manual sets forth the administrative policies, procedures and guidelines for LandWCF grants awarded to the states by the Department of Interior, National Park Service. It is intended to serve as a basic reference for those who are engaged in the administrative, financial management and stewardship responsibilities of the LandWCF State Assistance Program.

B. Participation in the LandWCF State Assistance Program is deemed to constitute a public trust. As such, participants are responsible for the efficient and effective management of funds in accordance with the approved budgets, for promptly completing reporting performance. The procedures and requirements contained in the LandWCF Grants Manual are subject to applicable federal laws and regulations, and any changes made to these laws and regulations subsequent to the publication of the LandWCF Manual. In the event the procedures and requirements conflict with applicable federal laws, regulations, and policies, the following order of precedence will prevail

1. federal law;
2. government-wide administrative regulations;
3. terms and conditions of grant award;
4. Land and Water Conservation Fund Manual.

#### **§921. LandWCF Application Preparation, Review and Selection Process**

## CULTURAL RESOURCES

A. Applications for Land WCF funds must be submitted to the DOR through an online application available on the Louisiana State Parks Web site. Applications must be submitted by April first (annually). Receipt of an application initiates an extensive and highly competitive process involving DOR preparation of the federal application package, securing clearinghouse approval, evaluation and rating, and presentation to the Louisiana State Parks and Recreation Commission (SPARC) for review and recommendations to the SLO of those projects to be forwarded to the National Park Service for federal approval. Assistance is available from the DOR staff for completion of the online application at any time throughout the year.

1. Initial Evaluation. DOR staff initially review all application submittals on the first business day following April first annually. Identification of all required documents is completed. Applications with substantial missing required documentation are not eligible for further consideration. All project sponsors of applications deemed ineligible are notified in writing in regards to the eligibility to participate. Proposed project sites are visited for initial inspection and evaluation by DOR staff.

2. Review and Preparation of Application. Eligible applicants with complete documentation are evaluated through the Open Project Screening Process (OPSP) and ranked in priority order. The OPSP is developed in accordance with the most recent publication of the Statewide Comprehensive Outdoor Recreation Plan and approved by the National Park Service (NPS). This determination of suitability results in a priority order of projects for consideration. Projects are presented to the State Parks and Recreation Commission (SPARC) for review. Upon determination of eligible federal LandWCF monies, all eligible projects are forwarded to the NPS Regional Office within the limits of funding.

3. Projects may be prepared for funding as a single action or may be phased. If phased, only one phase at a time may be recommended for funding, although the entire project may be “qualified” for funding. Further, funding of a phase does not imply automatic funding of succeeding phases. To activate a succeeding phase, the “qualified applicant” must formally request subsequent funds by letter as the ongoing phase nears substantial completion. Substantial completion has been established by DOR as a minimum of 80 percent of the total project funds expended prior to awarding further funds. Another form of acceptable “phasing” is to add additional elements and funds upon reaching a state of substantial completion.

4. Successive phases are not reprioritized (ranked). At the final SPARC meeting prior to receipt of the annual LandWCF apportionment, a list of requests for successive phases is presented. SPARC reviews and recommends to the SLO that

a. only new projects will be funded; or

b. only subsequent phases of active projects will be funded;

or

c. a combination of new projects and subsequent phases of active projects will be funded.

5. Submissions. The approved application is placed in final form and officially submitted as an application of the state of Louisiana to the NPS Southeast Regional Office. At this point, the application is dependent on federal action for its further progress.

6. Recommendation. As funds become available, priority projects are recommended in their established order through the SPARC to the SLO. If all LandWCF monies have been obligated at the time, the project will be held in a standby basis pending release of additional monies. As funds do become available, the application (already qualified) is then recommended in its turn to NPS for obligation of funds. Applications will be recommended

for obligation only in an appropriate number to utilize efficiently those funds available at that specific time.

7. Once the desired amount of funds is “obligated” to the subject project by NPS, a project agreement will be executed for this purpose between the NPS and the state, and a state agreement will be executed between the state and the local government sponsor. If found not acceptable for some reason, the application will be rejected by NPS and returned to the applicant, via the state, with reasons for such rejection.

8. Termination. The qualified application, with funds obligated to its subject project, is ready for funding and implementation. This is the final step in the preprocessing procedure, and the application will then be terminated in one of two ways: by successful completion of the project or by deactivation, if for some reason the project cannot be successfully completed. Post processing of applications for successful completed projects will include progress reports and billings for work performed and accounting for funds expended. The process is concluded with formal notification by NPS of final settlement.

### **§923. Recreational Trails Program Summarized<sup>3</sup>**

A. Purpose. The Recreational Trails Program (RTP) provides funds to the states to develop and maintain recreational trails and trail-related facilities for both non-motorized and motorized recreational trail users. The RTP is an assistance program of the Department of Transportation’s Federal Highway Administration (FHWA). Federal transportation funds benefit recreation including hiking, bicycling, in-line skating, equestrian use, cross-country skiing, snowmobiling, off-road motorcycling, all-terrain vehicle riding, four-wheel driving, or using other off-road motorized vehicles.

B. Delegation of Authority. The RTP is an assistance program of the U.S. Department of Transportation’s Federal Highway Administration (FHWA). Each state administers its own program. By virtue of Governor Bobby Jindal’s Executive Order 2008-5, the Recreational Trails Program now resides in the Department of Culture, Recreation and Tourism.

C. Program Funding. The RTP funds come from the Federal Highway Trust Fund, and represent a portion of the motor fuel excise tax collected from non-highway recreational fuel use: fuel used for off-highway recreation by snowmobiles, all-terrain vehicles, off-highway motorcycles, and off-highway light trucks. The RTP funds are distributed to the states by legislative formula: half of the funds are distributed equally among all states, and half are distributed in proportion to the estimated amount of non-highway recreational fuel use in each state.

### **§923 RTP Project Eligibility**

A. RTP funds may be used for:

1. maintenance and restoration of existing trails;
2. development and rehabilitation of trailside and trailhead facilities and trail linkages;
3. purchase and lease of trail construction and maintenance equipment;

4. construction of new trails (with restrictions for new trails on federal lands);
5. acquisition of easements or property for trails;
6. assessment of trail conditions for accessibility and maintenance;
7. development and dissemination of publications and operation of educational programs to promote safety and environmental protection related to trails (including supporting non-law enforcement trail safety and trail use monitoring patrol programs, and providing trial-related training) (limited to 5 percent of a state's finds).
8. state administrative costs related to this program (limited to 7 percent of a state's funds).

B. States must use 30 percent of their funds for motorized trail uses, 30 percent for non-motorized trail uses, and 40 percent for diverse trail uses. Diverse motorized projects (such as snowmobile and motorcycle) or diverse non-motorized projects (such as pedestrian and equestrian) may satisfy two of these categories at the same time.

- C. RTP funds may not be used for:
1. property condemnation (eminent domain);
  2. constructing new trails for motorized use on National Forest or Bureau of Land Management lands unless the project is consistent with resource management plans; or
  3. facilitating motorized access on otherwise non-motorized trails.

D. Fund Intention. RTP funds are intended for recreational trails. RTP funds may not be used to improve roads for general passenger vehicle use. RTP funds should not be used to provide shoulders or sidewalks along roads unless the shoulders and sidewalks are necessary to complete a trail link. A project proposal solely for trail planning would not be eligible (except a state may use its administrative funds for statewide trail planning). However, some project development costs may be allowable if they are a relatively small part of a particular trail maintenance, facility development, or construction project. States may allow some project development costs to be credited toward the non-federal share.

E. Eligible Sponsorship. RTP grants may be made to private organizations, or to municipal, county, State Tribal, Federal government agencies or private organizations. Projects may be on public or private land, but projects on private land must provide written assurances of public access.

#### **§927 FTP Project Funding**

- A. The maximum federal share for each project from RTP funds is 80 percent.
- B. The non-federal match must come from project sponsors or other fund sources. Funds from any other federal program may be used for the non-federal match if the project also is eligible under the other program. RTP funds also may be used toward the non-federal share for some other federal programs.
- C. Project payments takes place on a reimbursement basis. The project sponsor must incur costs for work actually complete, and then submit vouchers and supporting documentation to the state for payment. Reimbursement is not permitted for work that takes place prior to project approval.

#### **§929 RTP Application Preparation, Review and Selection Process**

- A. RTP applications are due not less than once every fiscal year. Due dates for application submittal are published not less than 60 days prior to deadline.
- B. Current applications are available online through the Louisiana Office of State Parks Web site.
- C. Technical assistance for completion of the application is available at any time from the Division of Outdoor Recreation staff.
- D. Within one business day of the application deadline, Division of Outdoor Recreation staff will begin an initial review of all applications for completeness. Applications lacking all necessary documentation will be considered ineligible and will be returned to the project sponsor. Applications providing satisfactory documentation will be evaluated in accordance with Federal Highway Administration standards and ranked in priority order. The Louisiana Recreational Trails Advisory Committee will endorse project ranking results. This committee will advise the Division of Outdoor Recreation staff on project priority. Applications will be forwarded for environmental clearance by the Department of Transportation and Development. With environmental clearance, projects will be forwarded to the Federal highway Administration for federal approval.
- E. Upon receipt of federal approval, a state agreement must be signed by the Division of Outdoor Recreation and the project sponsor before the project can begin. This state agreement details the project goals and timelines for completion.
- F. Division of Outdoor Recreation staff will complete periodic inspections through the development of the facility until completion. Project sites are subject to periodic inspection after completion by Division of Outdoor Recreation staff and federal partners.

#### **§931 Louisiana Recreational Trails Advisory Committee**

A. The Louisiana Recreational Trails Advisory committee is composed of selected individuals to represent a cross section of trail users and trail providers. The committee meets a minimum of once per fiscal year.

B. The Louisiana Recreational Trails Advisory Committee, in an advisory capacity, may recommend rules to the Division of Outdoor Recreation in regards to the RTP and may provide input on pending RTP applications.
